

WASTE TAX (TARI) FOR NON-RESIDENTS

We inform you that, as established by the City Council resolution n ° 31 of 30/09/2020, all non-resident taxpayers are entitled to declare the number of occupants of the property subject to the TARI, with consequent and proportional determination of the rate to be applied.

This right is exercised by submitting the Substitutive Declaration of Certification pursuant to Presidential Decree 445/2000 by filling in and signing the model attached below, accompanied by the declarant's identity document (the model can also be sent by post or e-mail to the @cannobio.net).

In case of failure to present the Replacement Declaration, the rate calculated on the number of 4 occupants will be applied.
